NERO SAINT LAURENT

Category: marbles

Colour: Black

Petrographic name
(according EN
12407): Marble

Macroscopic
description: Nero Saint
Laurent marble is a natural
stone distinguished by a
deep black background
crossed by irregular white
and golden veining.
Elegant, fascinating and
stylish, Nero Saint Laurent
is suitable to many types
of applications especially
modern and contemporary
ones but also appropriate
for those projects having a
classical or more
traditional style,
characterised by timeless
elegance.

Nero Saint Laurent is
suitable for interior
applications as floorings,
claddings and facings,
kitchen and bathroom tops,
decorative and daily
objects, and also jewelry
and sculptures. Its deep
black background makes
this marble very
recognizable: Nero Saint
Laurent is an exclusive and
precious marble, a natural
stone with a unique
personality able to offer
character and style to
settings and applications.
The finishes that best
express the personality
and beauty of Noir Saint
Laurent marble are
polishing and sanding, very
